

This letter is to express my interest in your Laravel +Vuejs Developer post that I found via linkedin.

With a Bachelor's degree in Computer Science and Information Technology, and hands-on some experience using php(Laravel) to create and implement software applications, I hope I will be an asset to your organization.

I am Seeking for a job opportunity that can give me different kind of experiences that helps to co-ordinate with others .I am Seeking for a working environment for me to develop my working experiences and personal skill. I am interested in learning new Technology that help both for me and organization.

I have done some project using Laravel +ajax. I have also studied vuejs but haven't done any project with laravel+vuejs and searching for environment where I could use my skill hoping I could enhance my skill.

Some of my skill that would enable me to contribute to your bottom line is:

->Knowledge of PHP/Laravel(5.8+6not much)

->Knowledge of Vuejs(but no project along with laravel studied only)

->Knowledge of database MYSQL

->Knowledge of javascript, HTML5 CSS3.

->Knowledge of Git

I look forward to speaking with you about this opportunity.
